LITE PAPER \$LYL

# LITE PAPER \$LYL

## 1. Introduction

LOYAL Coin (\$LYL) is a project designed to build a strong community based on the creation of real, useful, and transparent content. Through integration with platforms such as Kick, Pump.fun, and others, LOYAL seeks to generate exposure, trust, and active participation within the Web3 ecosystem.

## 2. The Vision of LOYAL

LOYAL is not just a token: it is a vision. A movement focused on connecting the digital world with the real world, fostering collaboration, transparency, and collective growth. Its goal is to transform content creation into a driver of economic and social development within the crypto space.

## 3. Current Challenges

Financing real ideas and projects has become one of the greatest challenges of our time. Entrepreneurs, creators, and talented individuals often struggle to develop their initiatives due to lack of resources, visibility, or institutional support. Traditional funding models are full of barriers, bureaucracy, and mistrust, limiting access to capital for those who truly innovate.

In the Spanish-speaking market, this challenge is even greater, as there are very few initiatives combining blockchain technology with the development of real-world projects. LOYAL emerges as one of the best alternatives to change this reality and open new opportunities for collective growth.

## 4. LOYAL's Proposed Solution (\$LYL)

LOYAL Coin offers a solution that integrates community, transparency, and blockchain technology to build a new model of financing and participation. Through real-time content creation, LOYAL generates trust, engagement, and value for its community. The \$LYL token is envisioned as a tool that, in the future, will enable financing of new projects, support entrepreneurship, and develop businesses through tokenization and Real World Assets (RWA).

## 5. Project Foundation: Real Content and Community

The foundation of LOYAL Coin lies in authentic, high-quality content creation across multiple platforms. Every stream, every interaction, every creation, and every collaboration form part of an ecosystem that drives the project's growth. This strategy not only creates exposure but also fosters genuine connections with people who want to be part of something transparent, participatory, and purposeful.

## 6. Token Economy (\$LYL)

Currently, \$LYL is launched within the Pump.fun ecosystem, leveraging its fee structure and reach within the Solana network. Over time, the project envisions evolving toward a broader economy that includes staking mechanisms, incentives, and participation in tokenized projects.

## 7. Future Outlook: Tokenization and RWA

LOYAL's long-term vision includes developing an ecosystem in which token holders can participate in the financing and tokenization of real businesses. This step will mark the transition from content and community toward productive economy, creating a sustainable bridge between the digital and physical worlds.

## 8. Token Distribution – Tokenomics

### Dev Wallet – Main Loyal Coin (\$LYL) Account

50% locked for a minimum of 1 year.

35% allocated to future strategic negotiations.

15% reserved for community drops and engagement activities.

### Pumpfun Commissions

90% directed to creators and the growth of Loyal Coin (\$LYL).

10% allocated to buybacks during specific periods.

These percentages are indicative and will be maintained as accurately as possible, with potential adjustments communicated in advance.

## 9. Community and Governance

LOYAL is, above all, a community project. Members will be able to actively participate in decision-making, growth, and direction of the project at the moment developers propose and deem necessary. The objective is for every participant to feel part of the development — not only as an investor but also as a builder of LOYAL's future.

## 10. Disclaimer

Investing in digital assets involves risks. Each participant is responsible for their decisions and must assume the consequences of their actions. This document does not constitute financial advice nor guarantee future returns. LOYAL Coin promotes transparency, individual responsibility, and collective growth.
